Date: 25-May-2026

Name of the Intern: Sheikh Wasimuddin
Internship Role: Web Development Intern
Internship Duration: 15th February 2026 – 15th May 2026

Overview: This report evaluates the performance of Sheikh Wasimuddin during his tenure as a Web Development Intern, based on his contributions, creativity, and engagement.

Role & Responsibilities: As a Web Development Intern, he was responsible for assisting in website development by creating and modifying web pages, implementing features and collaborating with the team to ensure website functionality, responsiveness, and an improved user experience.

Performance Assessment: Sheikh displayed strong technical understanding and good problem-solving abilities throughout the internship period. He effectively managed assigned tasks and completed them with dedication and attention to detail.

Strengths: He showed good analytical and problem-solving abilities, adapted quickly to new technologies, and consistently displayed responsibility and commitment toward assigned tasks.

Notable Contributions: Made significant contributions to website development and feature implementation while supporting project requirements effectively. Assisted in improving website functionality and responsiveness to enhance user experience and overall performance.

Areas for Improvement: While Sheikh performed very well during the internship, future growth can be achieved by gaining deeper exposure to advanced web development frameworks, backend integration, code optimization techniques, and software development best practices.

Overall Performance: Very Good

Final Remarks: Sheikh Wasimuddin has shown commendable performance as a Web Development Intern and possesses good technical potential for future opportunities in the IT field. We appreciate his contributions and wish him success in all future endeavours.
